

PROJECT LIGHTHOUSE

Pistis Hub: Faith | Community | Impact

Message from our Global Lead Pastors

At The Elevation Church, we carry a clear mandate from God to make greatness common. This calling goes beyond individual success; it is about building people, systems, and institutions that raise quality of life, restore dignity, and reflect God's Kingdom in practical, lasting ways.

Project Lighthouse, expressed through Pistis Hub Ikoyi, is a timely expression of this mandate. We have watched this vision take shape with clarity, prayer, and intentionality. It represents more than a physical development—it's essential community infrastructure where worship, leadership, learning, innovation, and care converge. A place where young people gain skills for meaningful work, families are strengthened, seniors honoured, children with special needs supported with dignity, and communities given space to grow and thrive.

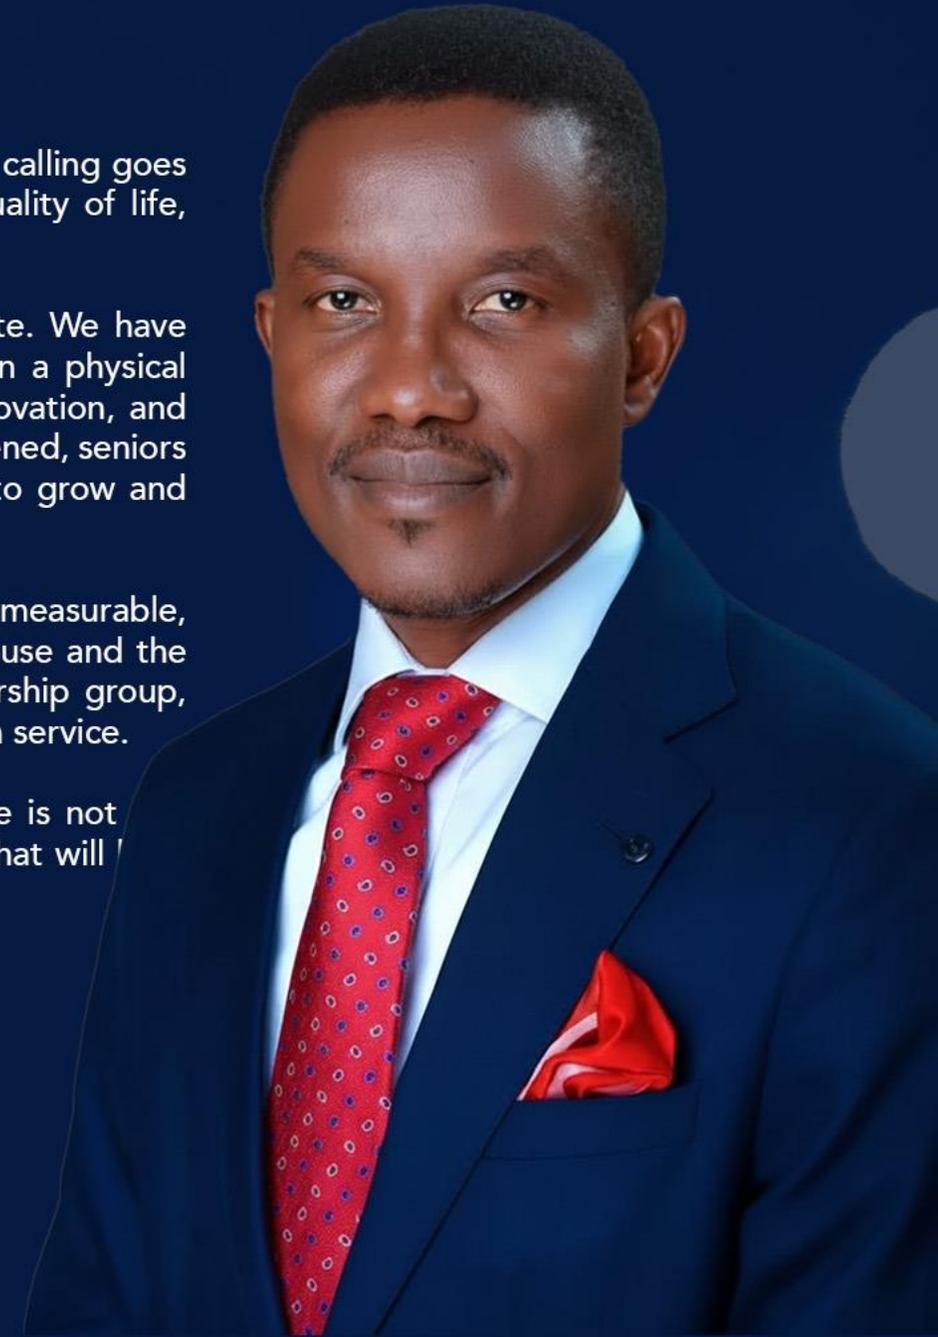

Its strength is in its integration—uniting faith with function and compassion with excellence in a measurable, sustainable, well-governed way. We are confident in the leadership stewarding Project Lighthouse and the values shaping its execution. The project team, led by Dr. Kola Fayemi and a dynamic leadership group, reflects the ethos of The Elevation Church: excellence, deep impact, and faith expressed through service.

To our partners, leaders, and friends, we commend this vision. Supporting Project Lighthouse is not generosity; it is investing in people, strengthening communities, and contributing to a legacy that will bear fruit for years to come.

This is what it looks like when faith meets impact.
This is what it means to make greatness common.

We invite you to stand with us as we build a lighthouse that will shine for generations.

Godman and Bolarinwa Akinlabi
The Visionaries, Project Lighthouse

Note from the Resident Pastor, The Elevation Church, Ikoyi

Every generation is entrusted by God to build what will outlast it—not just structures, but institutions of values, service, and impact. Project Lighthouse, Pistis Hub Ikoyi is our response to that calling.

Pistis Hub is envisioned as essential community infrastructure: a faith-rooted, impact-driven centre where worship, leadership, innovation, care, and opportunity meet. It is built not as a one-off effort, but as a permanent institution serving people, strengthening families, and uplifting communities in Lagos.

At its heart is a multipurpose auditorium for worship, leadership conversations, symposiums, and moments that shape values. Around it are integrated impact centres designed to meet real needs.

There are vocational and digital skills centres preparing young people and professionals for meaningful work. Youth hubs promote leadership formation, collaboration, and healthy recreation. A community library and innovation space support learning, research, and solution-building. An elderly day centre restores dignity and connection for seniors. Counselling and mental-health services support families and emotional wellbeing.

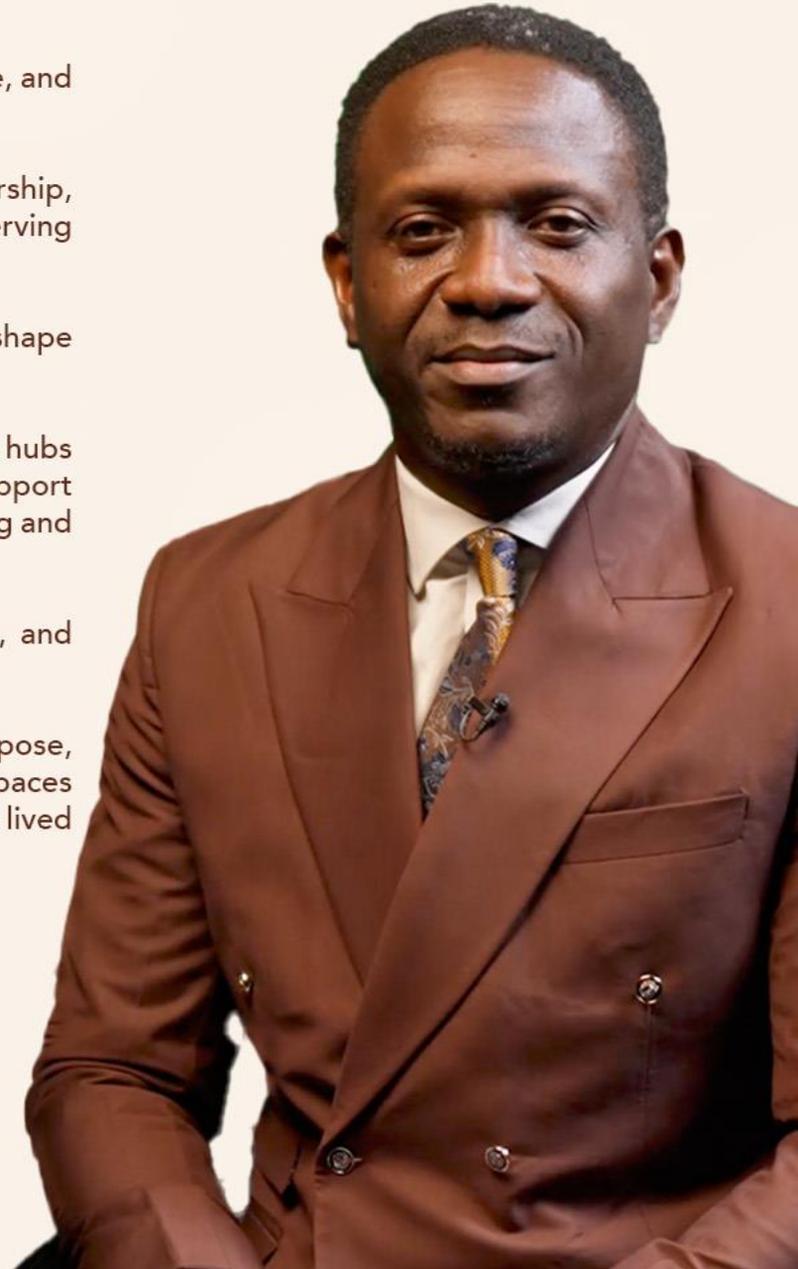

A central pillar is inclusive learning for children with special needs—purpose-built classrooms, trained caregivers, and personalised support that honour dignity and unlock potential.

This is not temporary charity but long-term stewardship. A generational work shaping young people discovering purpose, families seeking stability, innovators creating solutions, seniors needing community, and children deserving spaces designed for their success. It is infrastructure with a soul, rooted in the belief that faith must act and love must be lived tangibly.

To every partner, leader, and friend who has stood with us through prayer, generosity, influence, and collaboration, we say thank you. Your commitment strengthens this vision.

As we move forward, we invite more partners to join us—not just as supporters, but as co-builders of a legacy that will serve generations.

Kola Fayemi PhD
Project Lead

Overview

Project Lighthouse is a clear expression of what God is doing through The Elevation Church Ikoyi as we answer His call to be a lighthouse to our community, a steady source of light, hope, and practical support to real needs around us. This vision is taking tangible form through Pistis Hub Ikoyi, a faith-rooted community centre where worship and service converge to solve real problems and create lasting impact. Every element has been thoughtfully designed to strengthen families, empower individuals, and uplift the wider community for generations to come.

MULTIPURPOSE FACILITY

INNOVATION HUB

Hands on training in digital and vocational skills, practical labs, and innovation support that translate directly into employability and entrepreneurship for young graduates and early career professionals.

IMMERSIVE LEARNING

At the heart of our inclusion promise is the purpose built and immersive learning spaces to support the development of children with special needs in line with global standards.

The Centre will also train and equip their carers with hands on skills required to ensure that every child is seen, supported and set up to thrive.

ELDERLY DAY CENTRE

A dignified, welcoming environment where senior citizens receive care, companionship, and meaningful social engagement, restoring honour and ensuring they remain connected, valued, and fulfilled.

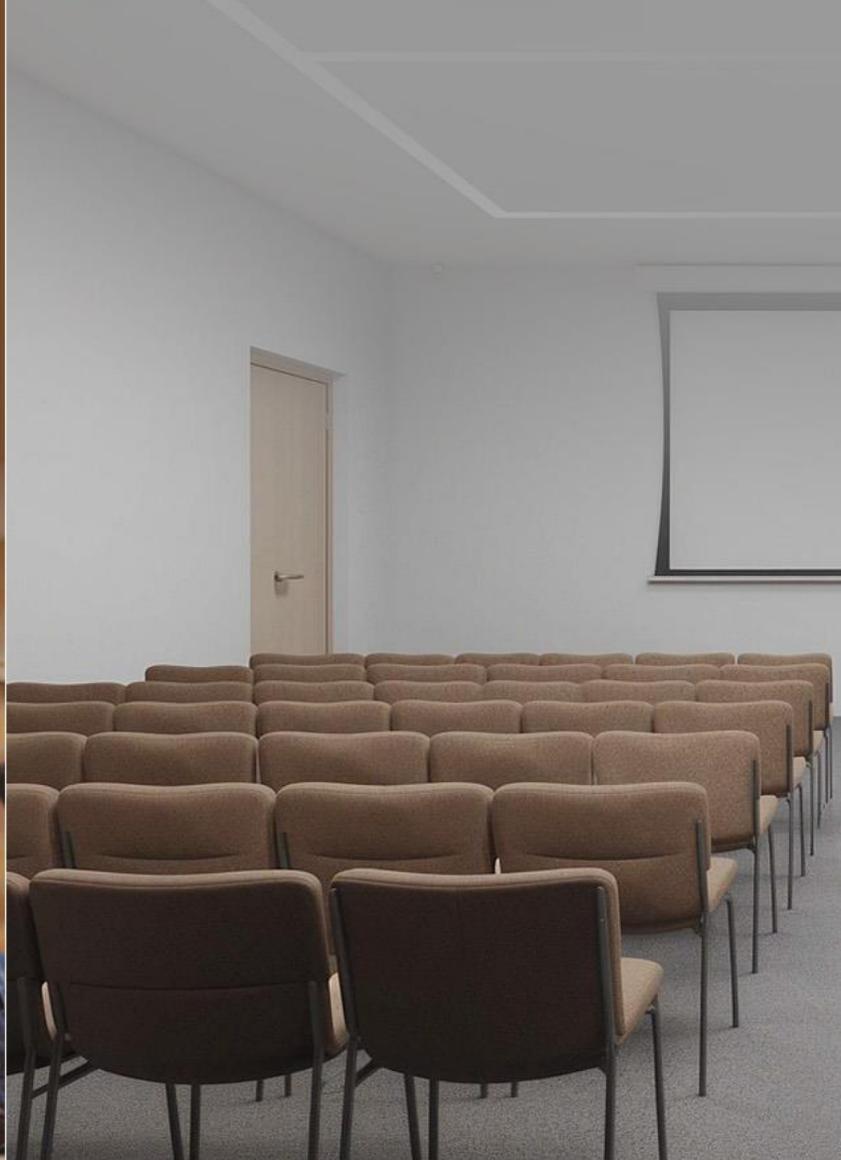

COMMUNITY LIBRARY

A light filled space for literacy, curiosity, and responsible citizenship, supporting reading culture, research, and community learning that empowers individuals and strengthens society.

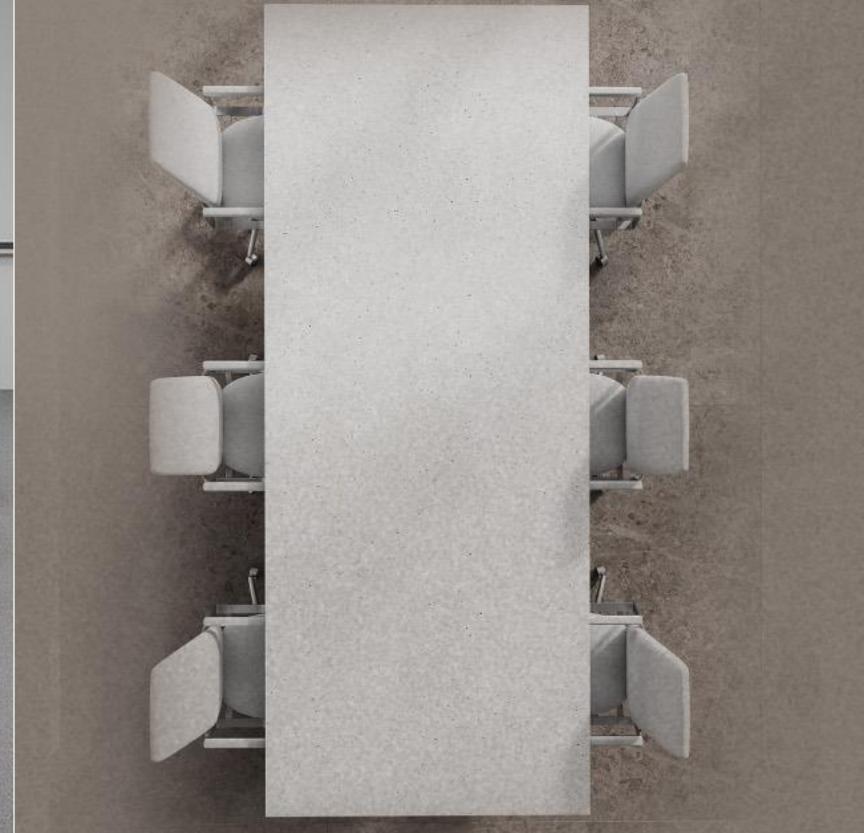

SEMINAR ROOM

CO-WORKING SPACE

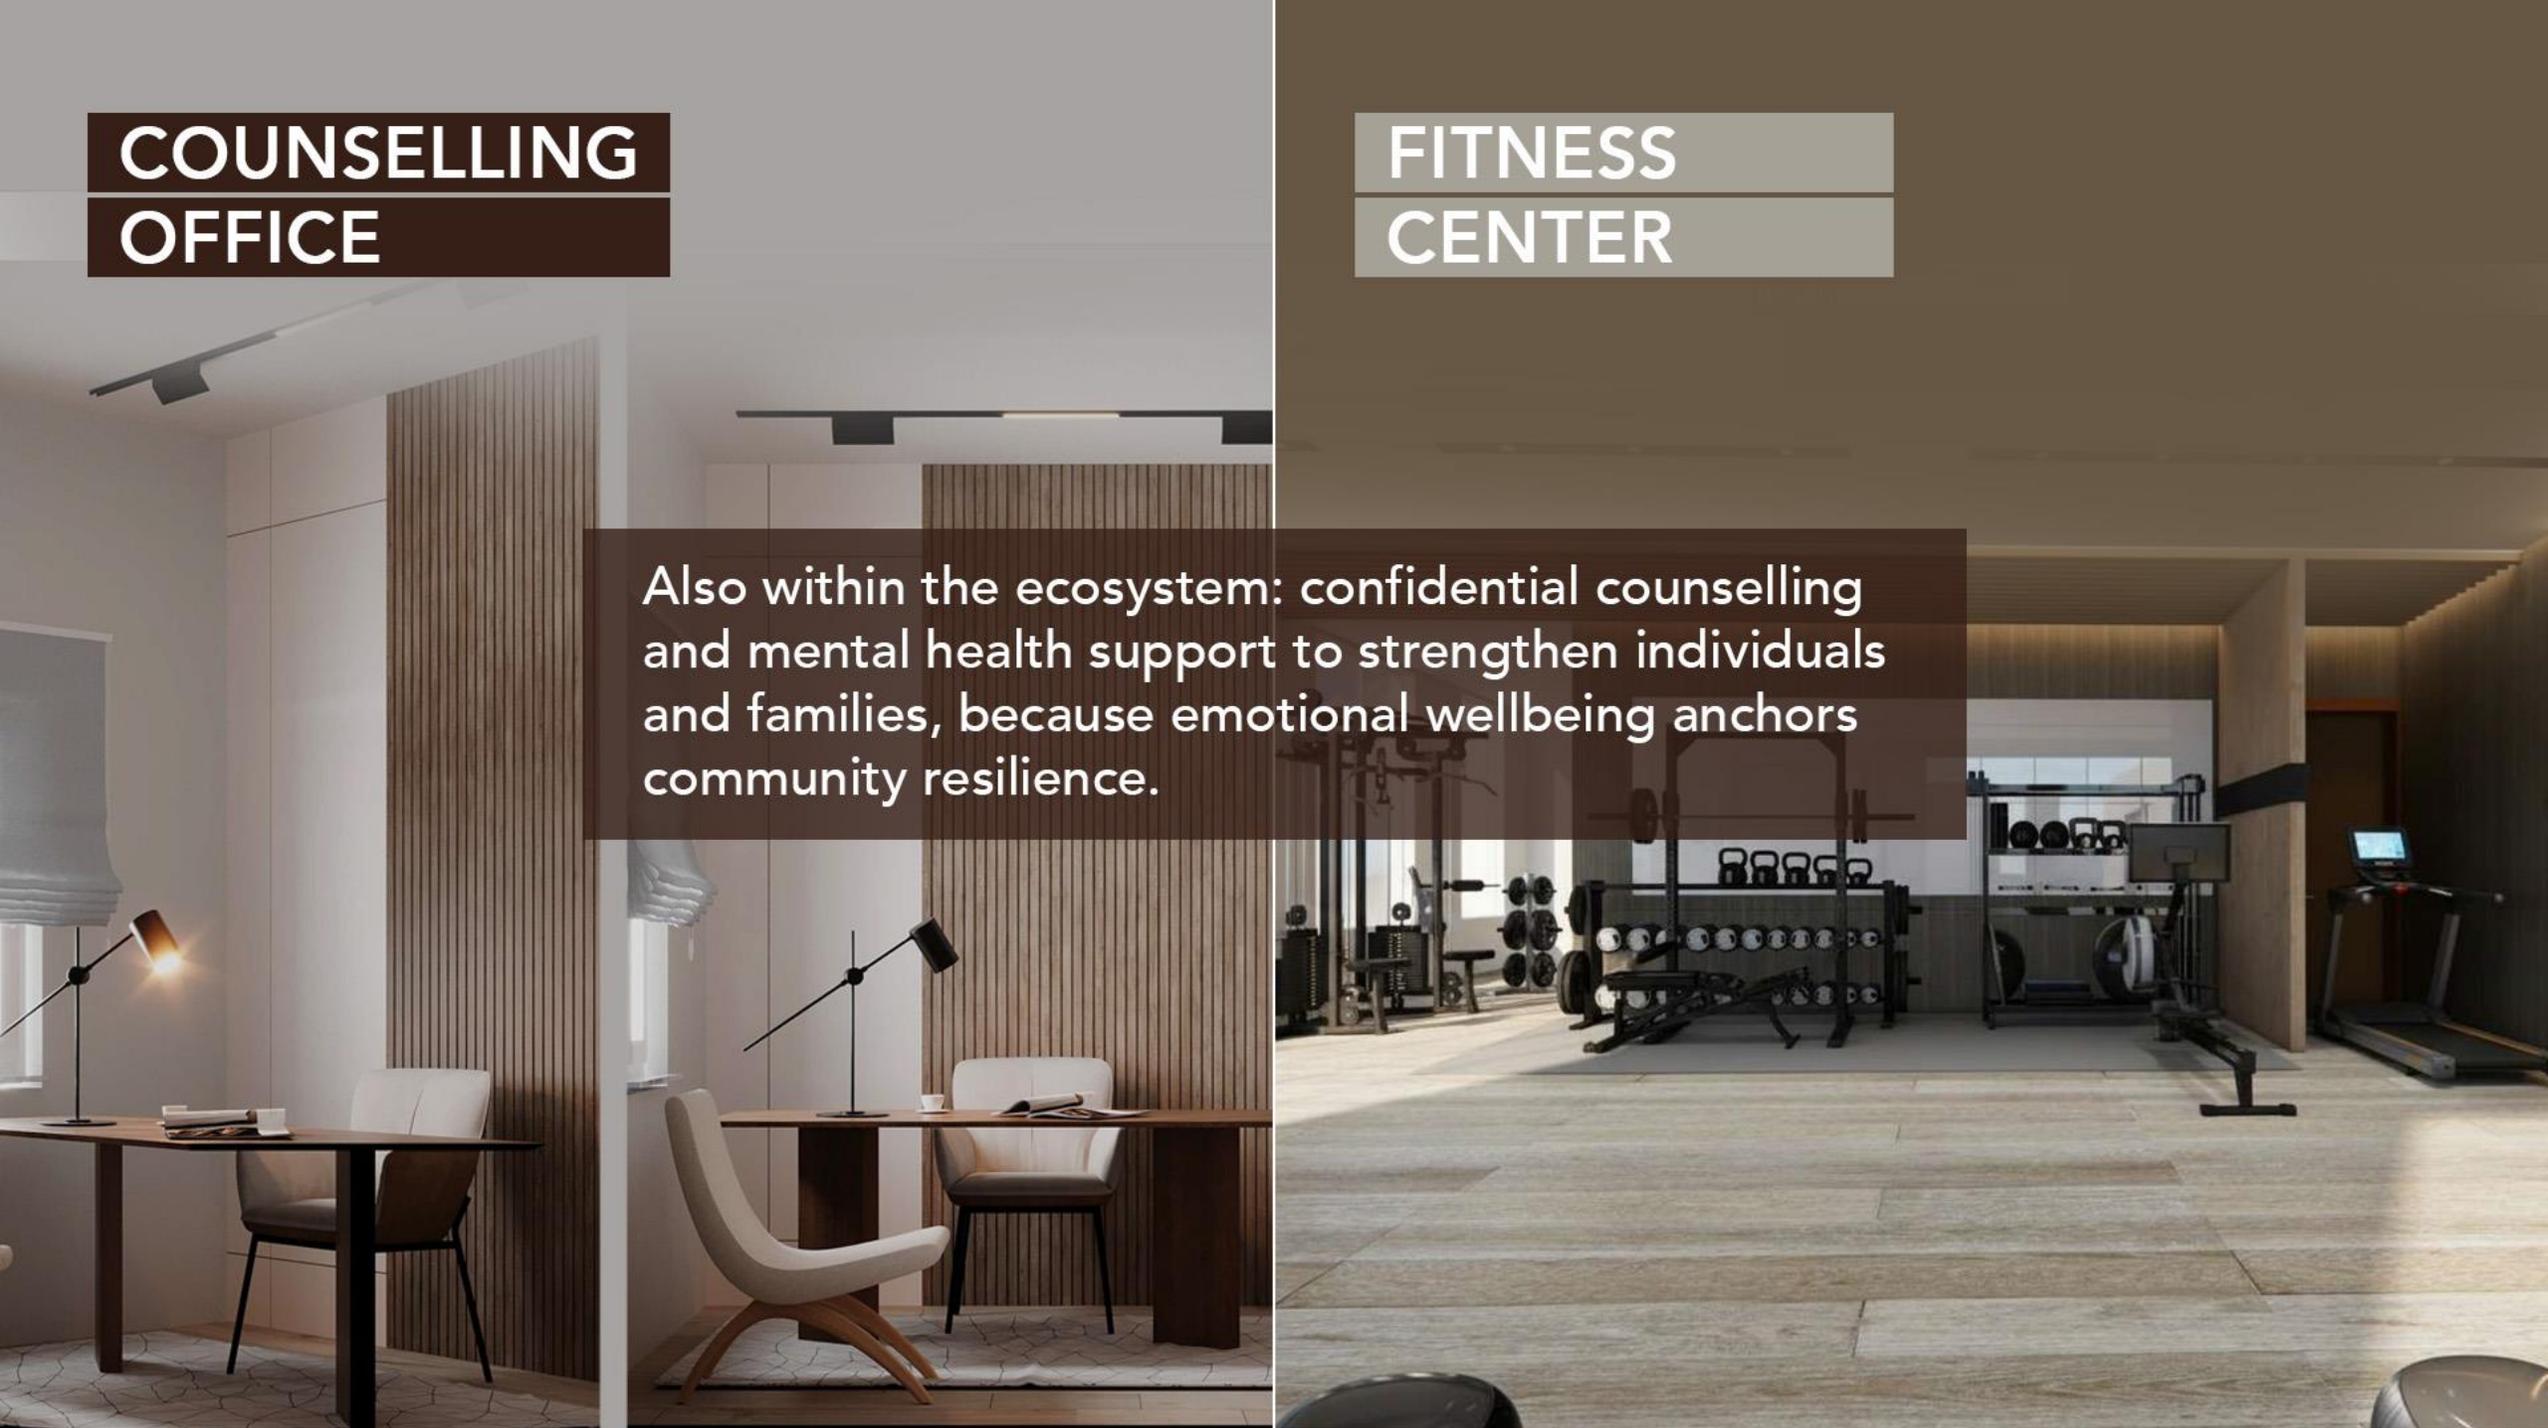

A future forward space (for start ups and founders), that supports early stage career professionals. It will support founders, start ups and freelancers with digital tools and infrastructure to launch their businesses, from ideas to impact.

COUNSELLING OFFICE

Also within the ecosystem: confidential counselling and mental health support to strengthen individuals and families, because emotional wellbeing anchors community resilience.
